

**6-foot long M1 Garand Training Gun
that was donated to Leveridge many years ago by a member that frequently shot Service Rifle on Leveridge**

Hello Members,

This e blast is to inform you that the Board of Trustees have approved selling the 6 foot long M1 Garand Rifle Replica that was donated to Leveridge many years ago by a past member and Leveridge frequent Service Rifle shooter. It will be auctioned off in an upcoming auction at <https://www.amoskeagauction.com/>. 100% of the net funds from the sale will go into the NFGA General fund. If a current NFGA Member wins the auction bid any Auction Fees incurred will be reimbursed to the member out of the monies collected from the sale.

This and all the Leveridge HP trophies and award plaques (around 30 total) were all in the clubhouse up until around a few years ago when I was asked to remove it all from the clubhouse to reduce the amount of items in there that will need regular time spent cleaning and dusting.

This should make it into Auction 137 that will be held on March 25th and 26th. Estimated selling price is \$1800 - \$3000.

Thanks All,
George Smith
Leveridge Governor
