

## **2026 Northeast Combined Schedule**

**I Expect to Have 1<sup>st</sup> Draft Posted by Mid to Late February**

**Typically, The Final Schedule is Settled by late March / Early April**

Early each year I work with all the other Match Directors in the Northeast so that we can develop the best possible overall Northeast Combined Schedule.

We all strive not to have the same type of match scheduled for the same day in an effort to increase attendance at all events to make running them worthwhile.

**Also to give more shooting opportunities for you.**

**Overall, the 2026 Schedule will be very much like 2025 except for event dates**

**\*Events Schedule and all Leveridge information is posted as it is developed at\***

**>> <https://nfga.org/high-power-rifle/> <<**

**Leveridge Range Condition as of Feb 2026**

**As Always... Please,**

Contact me anytime with any questions / suggestions or anything me and / or my awesome volunteer committee members could do to improve what we do for you or help you join us on Leveridge.

Thank You,  
George Smith Leveridge Governor
